SECTION II - ATTENDANCE INFORMATION

ELEMENTARY SCHOOLS TIME SCHEDULES:
AVONA, WILLIAMS TOWNSHIP, and WILSON BOROUGH
ELEMENTARY SCHOOLS

- Students should not arrive before 8:40 AM, which is when they will be permitted to enter the buildings. Students arriving early will be requested to stand in an orderly fashion in an assigned area outside of the building.
- Grades K through 4 - 8:55 AM to 3:15 PM.
- All students are expected to leave for home at dismissal unless they are requested to stay by a teacher/administrator.

ARRIVING LATE / LEAVING EARLY
If your child will be arriving late or leaving early for any reason, please notify the classroom teacher or the school office in advance. Also, if your child is arriving late and would like to order a school lunch, please notify the school of your child’s lunch selection prior to 9:20 AM. All school lunches must be ordered by 9:20 AM.

Children leaving early must be picked up at our school office by a parent or guardian. Please contact the office and send a written note if someone other than the parent is picking up the child.

FIELD TRIPS
During the course of the school year students may have the opportunities to attend school-sponsored field trips that will enhance their educational experience at the elementary level. All students will be required to have a signed parent permission slip. Students must meet academic and behavioral guidelines in order to attend.

Parents of students who take prescribed medication during the school day must make arrangements with the nurse prior to the field trip. Students are required to adhere to district policies, school discipline codes, and school rules while on the trip.

An alternate program will be provided at school for any students who are excluded from or choose not to go on the trip.

REPORTING ABSENCES and REQUESTING HOMEWORK
Parents are required to call the appropriate school office each day that their child is absent from school. This contact serves as a safety measure and notifies the school that your child is not expected in attendance.

If homework is being requested for an absent child, please leave this request with the secretary at the opening of the school day. A teacher will need the full day to prepare your child’s homework which may be picked up in the office after dismissal.
REQUEST FOR EXCUSED ABSENCE FROM SCHOOL
Families planning an educational experience during the school year are required to complete a Request for Excused Absence from School form in advance of the trip. Parents also agree to assume responsibility for the child’s school work during the period of absence. As per the form absences are limited to five (5) school days. Request for Excused Absence from School forms can be obtained from the school secretary and are maintained on file in the school office. Forms are also available on line on the district’s website, www.wilsonareasd.org.

SECTION III - HOME AND SCHOOL SERVICES

ANNOUNCEMENTS AND NOTICES
Any organization wishing to send announcements home with the children must first have approval from an elementary principal.

Elementary age children have a hard time remembering dates, times, places, costs for events and registrations from oral announcements. Therefore, we are asking that all announcements or flyers be composed by the organization, printed, and counted out in packs of 30 to be delivered to the school secretary at least one day prior to expected distribution. All announcements should have a contact person and telephone number. Should emergency cancellations be required, please phone the school secretary who will make the necessary announcements.

BIRTHDAYS
In adherence with the Wilson Area School District Student Wellness Policy #5141.2 and state regulations, as well as concerns over student food allergies, we can not permit food items to be sent to school in honor of a child’s birthday or other special event. The Wilson Area School District Student Wellness Policy is contained within the Parent/Student Handbook on page 31 for your review.

We understand that birthdays are special days in the lives of our students and their families, and we look forward to sharing birthday excitement with your child. In lieu of a food treat, one suggestion to honor your child’s special day would be the donation of a favorite book to the classroom library of your child. The book could be read to the class by the student or the teacher and then placed in the classroom collection for all of the students to read. Honoring your child’s birthday in this way leaves a lasting gift that students throughout the years will be able to enjoy. Please note there is no obligation to recognize your child’s birthday with a class gift of any kind.

Birthday or party invitations will not be given out in school unless the entire class is invited. A list of student names may be obtained by contacting the school secretary. Home addresses and phone numbers cannot be given due to confidentiality.

HOME SCHOOL COMMUNICATION
Parents are encouraged to keep in close contact with the school concerning the progress of their children. If questions arise throughout the year, parents should feel free to call the office or send a written correspondence to staff. We will be glad to help in any way possible.
**INSURANCE**

Accident insurance is available to all students. Insurance application forms are available on the district website under school forms. Accident insurance is not required. Parents may contact the office if they need additional information.

**NEED FOR PARENT COOPERATION**

Each school year there are many activities and events that require teacher time. In order to maximize the time our teachers spend with students, we ask for your help in the following ways:

1. Make sure your child arrives to school on time.
2. Make sure your child attends school every day, unless he or she is ill.  
   **Note:** Missing school because of bad weather, visiting others, or waking up late are *not* legal excuses.
3. If your child has been absent, be sure that he or she returns to school with an excuse stating the reason for the absence.
4. Please treat all home injuries (cuts, scrapes, splinters, etc.) before your child comes to school.
5. Check that your child has all necessary supplies for the day (lunch money, lunch, books, homework, papers, etc.).  
   **Note:** A book bag helps youngsters to stay organized.
6. Your child is to ride only on his or her regularly assigned bus.
7. Upon entering the school building, all visitors must register in the school office.  This is to eliminate untimely interruptions and to insure the safety of all students and staff.
8. Please stand clear of hallways and bus loading zones during dismissal time.  Also, please wait until after dismissal to visit teachers, as they are supervising children.
9. Please do not park in the bus or van loading zones.
10. Do not double park when dropping off or picking up children.
11. For the safety of the children, please do not call your child from your car or from between parked cars.  Please help them to cross at street corners only.
12. Parents delivering items to the school are requested to leave them in the school office, so that classes aren’t disrupted.
13. Please do not permit your child to wear headphones, or ride bicycles, skateboards or scooters to school.  These can be hazardous for children when crossing streets or waiting for the bus.
14. Students should not wear flip-flops, sandals or slippery shoes.  **Note:** Sneakers are recommended for gym classes.
15. If involved in a custody case, please provide the school with a copy of the custody order.
16. The procedure to discuss or report concerns, problems or complaints is to:
   - A. Contact your child’s teacher.  If the problem is not resolved then:
   - B. Contact the Principal
   - C. Contact the Superintendent

RESPONSE TO INSTRUCTION AND INTERVENTION (RtII)
Response to Instruction and Intervention (RtII) in Pennsylvania refers to the use of a standards-aligned, comprehensive school improvement and/or multi-tiered system of support for implementing PA’s Standards Aligned System (SAS). Response to Instruction and Intervention rests on using a continuum of student performance data to continuously inform, monitor and improve student access and response to high-quality core and supplemental instruction/intervention. Through a multi-tiered system of support, implementers have a road map for facilitating systems change within the context of data-based decision-making and instructional matching. The intent of RtII is to improve learning as efficiently, effectively and equitably as possible for ALL students, including students with disabilities. Response to Instruction and Intervention is an “Every Ed” standards-aligned initiative.

In the Wilson Area School District, we have been evolving the district’s Instructional Support Team process to better meet the state’s requirements. If you are interested in learning more about RtII and what it provides for your child, please contact your building principal or RtII Coordinator.

SECTION V - EMERGENCY INFORMATION

EMERGENCY INFORMATION
Parents/guardians are required to submit emergency contact information for their student. This information is to be entered via the Skyward student system. Parents/guardians will be required to update this information annually prior to the start of the school year. Several contact people should be listed in case parents can not be reached. Arrangements should be made to pick up sick children as quickly as possible. Parents must promptly report any change of information to the school nurse or secretary.

FIRE DRILLS
Fire drills are held periodically throughout the school year. Teachers review fire safety procedures and practice fire drills during the first few days of school. When the alarm is sounded, students move quickly and quietly to their designated exit. Children remain at a safe distance from the school building until the signal to return is given, at which time they are expected to re-enter the school building in a quiet fashion.

GREEN ALERT DRILL
Green Alert Drills may be held throughout the school year. When the Green Alert announcement is made over the loudspeaker, students should follow the instructions of the staff member in the room. The following rules will hold:

1. No Talking
2. Listen to emergency directions given by staff
3. Relocate in an orderly fashion

RED ALERT DRILLS
Red Alert Drills or Lock Down procedures are designed to prepare for the appropriate student response in the case of incidents that threaten the safety and welfare of the children and staff inside the building. Red Alert Drills are held periodically throughout the school year. Teachers review Red Alert Drill procedures which ensure that all students and staff are locked safely in classrooms, out of the view of intruders.

BREAKFAST PROGRAM
Students will be able to purchase a cold breakfast at school for $1.20. Breakfast will be served at Wilson Borough and Avona Elementary schools at 8:25 a.m. Students who qualify for free or reduced lunches will also be eligible for free or reduced breakfasts. Please note: If your child is not eating breakfast at school, he/she should arrive between 8:40 a.m. and 8:55 a.m.

CAFETERIA CONDUCT
An adult cafeteria aide is present daily for supervision of children in the cafeteria. Appropriate consequences for student misconduct will be assigned by the cafeteria aide, as necessary. Reports of misbehavior will be provided to the child’s teacher. Common cafeteria rules include:

- Enter and leave cafeteria in an orderly manner.
- Maintain an “inside voice” while in the cafeteria.
- Raise your hand if you need to be excused or leave your seat for any reason.
- To ensure safety for all, please do not send glass containers, knives, or scissors with your child’s lunch.
- Eat only what you brought or purchased for breakfast or lunch, sharing food is not permitted.

Parents can view their child’s account by visiting www.payforit.net and entering their child’s student identification number. Children may choose to bring a bag lunch. Milk may be purchased daily. Drinks in glass containers and/or carbonated beverages are not permitted. Encourage your child to eat lunch regularly and remind them not to waste food.

PRICES FOR SCHOOL MEALS:
- Breakfast: $1.20
- Lunch: $2.10
- Milk: $0.40

SECTION VII – STUDENT CONDUCT AND RESPONSIBILITY

DAMAGES TO SCHOOL PROPERTY AND CAFETERIA CHARGES
Students will be held responsible for damages to books borrowed from the school library, books loaned to them, and to school property. In addition, students will be responsible for making payment for any charged school meals. Fines will be assessed for such items and payment will be expected within a reasonable amount of time.

HALLWAY CONDUCT AND SAFETY
When walking through the halls, children should move directly and quietly to their assigned areas or classrooms. Children should observe safe conduct when passing in the halls by walking on the right, carefully opening doors, and using single file passage on the stairs.

ITEMS THAT SHOULD NOT BE BROUGHT TO SCHOOL
Students are reminded that they should not bring items to school that are not essential to instruction such as toys, electronic games, trading cards, etc. should be left at home (please refer to Policy #5114.1 on page 48). Anything that could be construed as a weapon should be left home (please refer to Policy #5114.2 on page 28). Cell phone use is governed according to Policy #5114.1 (please see page 48).
STUDENT DRESS
Students at the elementary schools take pride in their appearance. In addition to being neat and clean, we expect them to dress appropriately at all times. It is suggested that children dress with weather in mind. Layered clothing allows children to adjust due to changing temperatures both in the classroom and outdoors. Sneakers are recommended on days when they have physical education or are scheduled for outside recess activity. Shoes need to be secure to foot for safety. Following are helpful guidelines:

- **Head Gear**: Hats, bandannas and kerchiefs are not to be worn.
- **Shoes**: Flip-flops, higher heeled/platform shoes are considered unsafe for normal school activity.
- **Tops**: Tank tops, halter/tube tops and those with “spaghetti like” straps are not permitted. Oversized shirts such as boys basketball team jerseys are only permitted with a t-shirt worn under it or an over shirt.
- **Shorts**: Tight fitting shorts or “short-shorts” (shorts cut very high on the leg) are not allowed.
- **Temporary Hair Color**: Water-soluble hair color is not permitted.

This information should be helpful to you managing what is considered appropriate and safe to wear to school.

SECTION VIII – SCHOOL DISTRICT POLICIES

BULLYING/CYBER BULLYING POLICY

**Policy #5115.1**

**Purpose**
The goal of the Wilson Area School District is to provide a safe, positive learning climate for students. The Board of Education is committed to the goal of creating and maintaining a school environment where all students and employees are treated with respect and dignity, and are free from bullying, intimidation and harassment. Bullying is a violation of our district’s core values and will not be tolerated. The action of any one person or group of individuals that threatens the health and safety of students and/or staff will be promptly addressed.

**Definition**
Bullying takes the form of many different behaviors and shall be defined as repeated and systematic harassment and/or attacks on others perpetrated by individuals or groups. Bullying, as defined in this policy, includes cyberbullying. Bullying is also defined as intentional electronic, written, verbal, or physical acts or series of acts directed at another student or students, in a school setting.
and/or outside a school setting that is severe, persistent or pervasive and has the effect of doing any of the following:

1. Substantial interference with a student’s education
2. Creation of a threatening environment
3. Substantial disruption of the orderly operation of the school

Authority

The Board prohibits all forms of bullying by district students.

The Board encourages students who have been bullied to promptly report such incidents to the building principal or designee.

The Board directs that complaints of bullying shall be investigated promptly, and corrective action shall be taken when allegations are verified. Confidentiality of all parties shall be maintained, consistent with the district’s legal and investigative obligations. No reprisals or retaliation shall occur as a result of good faith reports of bullying.

Delegation of Responsibility

Each staff member shall be responsible for maintaining an educational environment free from bullying. Staff members who observe or become aware of an act of bullying shall take immediate, appropriate steps to intervene. If a staff member believes that his/her intervention has not resolved the matter, he/she shall report the bullying to the school administration for further investigation. This investigation may include interviews with students, parents, and school staff, reviews of school records, and any other appropriate means of investigation.

If the investigation results in a substantiated charge of bullying, the school district shall take prompt action to eliminate any further bullying. Complaints involving bullying at the building level may be resolved informally through confidential mediation, counseling, or informal discussion. If a satisfactory, informal resolution is reached, no further investigation or action is required.
A substantiated charge against a student shall subject the offender to disciplinary action, consistent with the School District Code of Conduct, School District Acceptable Use of Internet Policy, and any other applicable Board policy, and may include detention, suspension, expulsion and referral to law enforcement. All verified incidents of bullying are recorded and retained at both the building and district levels and placed on state violence reports as required.

The Superintendent or designee shall ensure that this policy and administrative regulations are reviewed annually with the students.

The Superintendent or designee, in cooperation with other appropriate administrators, shall review this policy every three (3) years and recommend necessary revisions to the Board.

Appeal Procedure
If the complainant or accused is not satisfied with the school principal’s decision, the student, parent or guardian may appeal to the superintendent.

Guidelines
A copy of this policy will be distributed to parents, staff and students and posted on the district’s website. Additionally, parents, staff and students will be advised of this policy through educational programs and written materials.

Education
The school setting provides an opportunity to teach children and emphasize among staff that cooperation and respect of others is a District value. District adopted anti-bullying programs are designed to decrease incidents of bullying, and to help students build supportive relationships with one another. Staff members are in-serviced on the warning signs of bullying as well as their responsibility to be actively involved in the prevention of bullying.

**GANG POLICY**  
Policy # 5115.2

**Purpose**
The Board recognizes the importance of providing a safe learning and working environment for students, employees and visiting community members and that the presence of gang activity and deviant behavior of an individual threatens the safety of the school environment.

**Definition**
“Gang Activity: A ‘gang’ means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of
its primary activities the commission of one or more criminal acts or acts in
violation of school rules, which has an identifiable name or identifying sign or
symbol, and whose members individually or collectively engage in, or have
engaged in, a pattern of criminal gang activity or activity relating to the
violation of school rules. Gang activity includes, but is not limited to, any act
in furtherance of the gang and possession or use of gang symbols, such as
drawings, hand signs and attire.”

**Authority**

It is the District’s policy to prohibit on school property or at any school
activity the:

1. Wearing, possessing, using, distributing, displaying or selling of
   any clothing, jewelry, emblem, badge, symbol, sign or other thing that is
evidence of membership in or affiliation with any gang.

2. Commission of any act or omission, or the use of any speech, either verbal
   or non-verbal (gestures, handshakes, etc.), which shows membership in or
affiliation with any gang.

   the interests of any gang or gang activity, including, but not limited to:
   
   a. Soliciting others for membership in any gangs
   b. Requesting any person to pay for “protection” or otherwise
      intimidating or threatening any person
   c. Committing any illegal act or violation of school district policies
   d. Inciting another person to act with physical violence upon any other
      person

**Implementation**

1. Any School District employee or any person with knowledge of
   suspected signs of activity shall report the activity to his/her administrator or
   security personnel. Students, parents and community members are encouraged to
   report any suspected gang activity.

2. Administrators shall be aware that the occurrence of any of the acts
described above does not necessarily constitute gang activity unless the
entire definition of “gang” is met.

3. Violations of this policy will result in disciplinary actions, which may
   include suspensions and/or expulsion.

4. Notification of this policy shall be given to all students and employees.

5. School administrators shall identify any clothing, jewelry, emblems,
   badges, symbols or signs. Administrators shall consult with police and
district security to help them determine what is gang-related, such as
clothing, jewelry, emblems, badges, symbols or signs.
Administration shall report all incidents consistent with procedural guidelines to the Central Administration.

**BUS REGULATIONS**

Riding the school bus is a privilege. Improper conduct on the buses will result in that privilege being denied. Some district buses do utilize surveillance cameras to monitor student behavior.

**BUS TRANSPORTATION POLICY**

The Wilson Area School District recognizes the need to maintain a bus transportation policy of strict adherence concerning the safety and student behavior in transporting students to and from school. Teachers should review bus safety rules with their students.

**SAFETY AND STUDENT CONDUCT ON SCHOOL VEHICLES**

**Authority**

Appropriate conduct is essential for the health and safety of students transported on school district vehicles. Student conduct while waiting for, riding on, or departing from school vehicles is within the authority of the Board, Superintendent, Administration, and Transportation Department Staff.

A student whose misconduct violates this policy while waiting for, riding on, or departing from school vehicles shall be subject to loss of riding privileges. The student may also be subject to disciplinary measures including suspension and expulsion from school pursuant to related student discipline policies.

**Guidelines**

Students who are eligible for bus transportation and wish to use this service cannot have the option of occasionally walking home instead of using the bus. Students are expected to use the same stop and bus for the school year.

The following behavior is to be adhered to by all students who use the District transportation system:

1. Be ready to board the bus five (5) minutes prior to pick up time and line up to enter the bus in an orderly manner.
2. Be careful in approaching the school bus stop.
3. Wait until the bus is at a complete standstill before attempting to enter.
4. Remain off the road at all times and behave in a safe manner while waiting for the bus.
5. When it is necessary to cross the road after getting off the bus, cross immediately in front of the bus and look both ways to make sure that traffic is not approaching...
6. Assist in keeping the bus as safe and sanitary as possible at all times.
7. Practice courtesy to fellow students, assist bus driver whenever possible, particularly with small children.
8. Never stick hands, arms, or any other part of the body out of the windows or doors.
9. Remain in your seats while the bus is in motion.
10. Never experiment or tamper with the bus or any of its equipment.
11. Be careful not to leave items such as lunches, clothing, books, etc., on the bus.
12. Keep noise on the bus to a minimum. Loud talking or creating any disturbances is not allowed.
13. Never roughhouse, fight or throw objects in or from the bus.
14. Never harass or bully other students or bus driver.
15. Never use the emergency door, except under the direction of the driver or in the event of an emergency.
17. Never smoke on the school bus.
18. Never eat on the school bus.
20. Remain quiet when the bus is approaching a railroad crossing and until the bus has passed the railroad.
21. Obey the school bus driver and in case of emergency, remain on the bus unless otherwise instructed by the individual in authority.
22. Never intentionally damage seats or other parts of the bus. The student will be required to pay for the replacement.

The Driver is in complete charge of the bus. Students who risk the safety of others by their misbehavior may lose the privilege of riding the bus. If a student violates any of the above rules and regulations and loses the bus privilege, the student or his/her parent/guardian will have to provide transportation to school. In such cases, the law still requires attendance at school.

The School Bus Incident Report to Parents form is mailed to parents informing them of disciplinary action involving their child.

The following guidelines are established for reporting and investigating violations:

1. The driver will complete a misconduct report describing the misconduct of the student or students involved and immediately submit a copy to his/her supervisor.
2. The driver shall also submit a copy of the misconduct report to the appropriate administrator no later than the morning following the incident.
3. The administrator shall review the misconduct report and investigate the incident to determine what action, if any, is appropriate against the student or students involved. If necessary, the administrator will meet with the parents, students, driver, and transportation supervisor. Video tapes, if available, may be used by the principal in the investigation.
**Disciplinary Action Sequence For Bus Misconduct**

1. Each bus driver will review with students the list or description of expected student behaviors and/or prohibited behaviors.
2. Consequences to be implemented by the bus driver may include, but are not limited to, a conference with the student and assigned seating on the bus.
3. Students will be referred to an administrator when, despite efforts of the driver to change the student behavior, the student refuses or neglects to follow the directions of the driver. Such noncompliance will be classified as bus misconduct.
4. The Student Code of Conduct classifies bus misconduct as a Level II infraction.
5. Any student misconduct while awaiting, traveling on, or departing a bus meets the definition of a Level II infraction.
6. Students suspended due to bus misconduct will be suspended from riding the bus. Students suspended from riding the bus are required to attend school and must assume responsibility for their own transportation to and from school at regularly scheduled times.

**Video Cameras on Transportation Vehicles**

The Board authorizes the use of video surveillance cameras on vehicles used for the transportation of pupils. The purpose of this system is to support the discipline policies of the school district. The video surveillance cameras shall record visual images.

A notice shall be placed in each vehicle indicating that such a surveillance system may be in operation.

Videotapes will be maintained by the Transportation Department. Employees responsible for implementing the discipline policies of the school district shall be permitted to view the tapes. A student and his/her parents may view only that portion of videotape that relates to the discipline of the student.

**Student Safety**

Emergency evacuation drills shall be conducted during the months of September and March and shall include practice and instruction concerning the location, use, and operation of emergency doors and fire extinguishers and the proper evacuation of vehicles in the event of fires and accidents. The Transportation Department shall schedule this program.
HOMEWORK POLICY
Policy # 6154

Because education is a lifelong process, which extends beyond the school, it is important that learning occurs in the home and community. Homework is one means of teaching the necessary skills of independent study and learning outside the school. A broad definition of homework is considered here to include not only written work, but also related activities which are related to classroom work, but which are assigned to be done outside of the classroom.

Current research indicates that the amount and quality of time students spend studying has a direct and positive impact on learning success. The Wilson Area School District believes that teachers should use homework assignments to foster positive, long-term, education-related behaviors and attitudes. Homework should have different purposes at different grades. For younger students, it should foster positive attitudes, habits, and character traits, reinforcing the learning of simple skills introduced in class. For older students, it should facilitate knowledge acquisition in specific topics. Additionally, homework should be assigned when it is clearly connected to skills learned and can demonstrate a connection to improving student achievement.

Reasons for Homework

Reasons for assigning homework may well differentiate by grade and age developmental level. All homework assigned should clearly be based upon a viable and understood purpose.

➢ To assist students in developing positive work and study habits and attitudes.
➢ To provide practice for reinforcement of learning that a student has acquired and must learn to master.
➢ Discovery and preparation for the subsequent lesson when this preparation can increase interest, motivation and impact significantly on student learning.
➢ To provide opportunity for students to be involved in research activities which would contribute to knowledge acquisition as well as provide opportunities to engage in higher order thinking activities.
➢ To enrich the learning experience and permit the student to demonstrate independent learning skills.

Types of Homework

The three basic types of homework are listed with a short explanation of each. Teachers are encouraged to utilize all three types depending on the needs of the student and the nature of the material being taught.

1. Focused Practice
   This is given to provide students the opportunity to both practice an essential skill and to specifically reinforce previously learned skills that require retention for future skill attainment. The practice should strive to reinforce and improve retention of previously learned, essential skills that contribute to subsequent learning and standards attainment.
2. **Preparation**

These are assignments intended to permit the student to gain background information essential for subsequent learning. This is intended to enhance the depth of learning that can occur and to accelerate learning activities in the limited classroom time.

3. **Enhancement of Learning**

This provides students with opportunities through assignments to develop: independent work and learning skills, higher order thinking skills, the fostering of creativity and expression, research and reporting skills.

**Guidelines for Teachers**

Homework needs to have a purpose and specific focus related to learning, skill acquisition and mastery of a skill or knowledge. It should be assigned in amounts that diagnostically identify skills or knowledge to be learned as well as the developmental levels of individual students. Teacher-designed, rather than generic types of homework are recommended, as it will target the exact learning or skill to be attained.

Homework, if assigned, needs to be assessed with feedback to students providing reinforcement or re-direction for improved achievement. Quantity of homework should be considered to reflect what is necessary to meet the purpose for which it was designed. Homework should never be assigned as punishment or as a means to occupy student time or attention. Homework assigned to students requires effective communication for students with directions and expectations in clear and understandable form. Consideration should be given to balance the assignment of homework with the research relative to effective on-task attention spans of differentiated age levels. It is recommended that high school students combined homework should not exceed two hours per night. Homework for earlier grades should be adapted accordingly.

**Guidelines for Parents**

Parents can support a child’s interest in lifelong learning by encouraging good study habits and providing a learning environment in the home.

- Provide a quiet, well-lit place for the student to do homework.
- Help your child budget time so that a regular schedule for study is set.
- Take an active interest in what your child is doing in school. Ask for an explanation of a particular assignment and what is being learned. Compliment good work or when improvement is shown. Make constructive suggestions but avoid severe criticism and undue pressure. A positive attitude by parents will encourage the student to do the best work possible.
- Encourage your child to seek additional help from the teacher at school if there seems to be any difficulty with the work.
- Encourage and guide your child with assigned homework. Under no circumstances should you complete the assignment for your child.
- Regular school attendance is important for your child’s continued learning. Absenteeism is not a valid excuse for not fulfilling homework requirements.
- Communicate with the teacher any concerns you have about your child’s work habits and academic growth.
Encourage your child to form the habit of writing homework assignments in a notebook or agenda book. Periodically check to see if your child is developing and maintaining this sound educational habit.

Guidelines for Students

- Keep a record of homework assignments in a notebook or agenda book as soon as the assignments are given.
- Ask the teacher to clarify assignments that are not clear to you.
- Be responsible for your own work; complete assignments on time; and hand assignments in when they are due.
- Establish a regular time each day to do your homework in a comfortable, well-lit area equipped with all the necessary materials.
- Do your own work and the best you can at all times.
- Make effective use of study hall time.
- Set a limit on co-curricular activities if they interfere with your academic growth.
- When not in attendance, you are responsible for any missed assignments.
- It is urgent that if you are having problems learning in school, discuss the problems with your parents, teachers, or other school officials.

**VOLUNTEERS, VOLUNTEER COACHES, AND CHAPERONES**

Policy # 1333

**Purpose**

The Wilson Area School District encourages the involvement of volunteers in all facets of the school community. The District recognizes the benefit to students when volunteers give their time and skills in both the academic and extracurricular activities of the school. Volunteers
act as classroom tutors, library aides, monitors, and coaches. It is also the responsibility of the District to assure a positive and safe environment for students.

Volunteers

Volunteers at District or school sponsored activities during normal school hours, when there is contact with students, must obtain the appropriate clearances as required by law, including but not limited to Act 151 (Child Abuse), Act 34 (State Police Criminal), and Act 114 (FBI Criminal) clearances, and present them to the appropriate building principal. Per Act 153 of 2014, all school volunteers having direct contact with children must obtain new clearances every five years. All individuals, seeking to serve as a volunteer for the first time, must obtain all clearances. Active volunteers who have continuously resided in Pennsylvania for ten (10) years and affirms in writing (by completing the W.A.S.D. Volunteer Certification Form) that he or she has never been convicted of a disqualifying crime in Pennsylvania, or the corresponding under the laws of any other jurisdiction, they need only renew the Act 151-Child Abuse Clearance and the Act 34-State Police Criminal Clearance. The cost of obtaining these clearances must be initially borne by the volunteer. However, the District will reimburse those volunteers who are in the schools a minimum of six times. Building principals will submit reimbursements to the Business Office at mid-year and at year’s end.

Volunteer Coaches

Adults who wish to volunteer their time and expertise to assist paid coaches in the District may make application to the High School Principal and/or Athletic Director. Such application must include the appropriate clearances as required by law, including Act 34, Act 151, and Act 114 clearances. Per Act 153 of 2014, all school volunteers having direct contact with children must obtain new clearances every five years. All individuals, seeking to serve as a volunteer coach for the first time, must obtain all clearances. Active volunteer coaches who have continuously resided in Pennsylvania for ten (10) years and affirms in writing (by completing the W.A.S.D. Volunteer Certification Form) that he or she has never been convicted of a disqualifying crime in Pennsylvania, or the corresponding under the laws of any other jurisdiction, they need only renew the Act 151-Child Abuse Clearance and the Act 34-State Police Criminal Clearance. The cost of the clearances is to be borne initially by the volunteer coach. The District will reimburse a volunteer coach at successful completion of their season. The Board of School Directors will approve volunteer coaches who have administrative recommendation at a regular Board Meeting. Volunteer coaches, once appointed, serve at the will of the Head Coach, and may be released if their services are no longer needed.

Chaperones

Any adult who is not a District employee must obtain the appropriate clearances as required by law, including but not limited to Act 34, Act 151, and Act 114 clearances, before accompanying any student group on a fieldtrip (with the exception of volunteers who are exempt from obtaining their 114 clearances per the policy). The trip chaperones must submit their original clearances to the building principal, who will verify and approve submission.
The expense of obtaining these clearances will be borne by the individual, not by the district. There will be no reimbursement for clearances for trip chaperones.

For overnight accommodations, trip chaperones and volunteers will be assigned student groups according to gender -- males will supervise male students, and females will supervise female students.

This policy is effective upon date of adoption or revision.

The Superintendent will develop procedures for notice and implementation of this policy.

**SCHOOL VISITORS POLICY**          Policy #1333.1

**Purpose**  The Board welcomes and encourages visits to school by parents/guardians, adult residents and interested educators. To ensure safety and order in the schools, it is necessary for the Board to establish policy-governing school visits.

**Definition**  Visitors are defined as individuals who have been invited to the school or have obtained prior approval to participate in or view a school or classroom activity during normal school-operating hours. School visitors are not permitted to supervise students.

**Delegation of Responsibility**  The Superintendent or designee and building principal have the authority to prohibit the entry of any individual to a district school, in accordance with Board guidelines.

**Guidelines**  After the start of the school day, visitors to the school shall use only one (1) entrance. All other entrances shall be locked.

Upon arrival at the school, visitors must register at the office where they will be required to sign in and receive a visitor’s badge.

Staff members shall be expected to require that a visitor has registered at the school office and received authorization to participate in or view a school-wide or classroom activity.

All visitors must sign out prior to leaving the building.

At the building principal’s discretion, alternate school visitor procedures can be utilized, including requiring the appropriate clearances, to ensure safety and order.
1. PURPOSE
This policy has the purpose of prohibiting students from being in possession of weapons on school property, for providing procedures for investigation and notification in the event of a report of or suspicion of the presence of a weapon on school property, and for providing mandatory disciplinary consequences, in accordance with the Federal Gun Free Schools Act of 1994 and PA Act 26 of 1995 (Safe Schools Act).

2. DEFINITIONS
A “weapon” is defined as any loaded or unloaded firearm (including any pellet guns, B.B. guns and look-alike firearm); an explosive device or any kind; a knife, cutting instrument, cutting tool, or any other tool, instrument or implement that is capable of inflicting serious bodily injury and is not reasonably related to education such as chains, brass knuckles, night sticks, ax handles, numchuk(s), etc. For purposes of this policy, firearm is defined in accordance with United States code, Title 18, Section 921. The foregoing does not apply to any object which has been specifically authorized by school officials, which may include antique firearms, a sporting or recreational firearm, or Army surplus ordinance.

In accordance with federal and state law, the Superintendent shall expel from school, for a period of not less than one (1) calendar year, any student who is found in possession of or transporting a weapon, as defined in this policy, and shall report such incidents to the Department of Education. The Superintendent may modify the one (1) year expulsion requirement on a case-by-case in order to conform to the provisions of the Individual with Disabilities Education Act.
The Superintendent may expel or suspend from school any student who is found in possession of or transporting harmful implements. Such determination will be made based upon degree of danger, intent, and potential for harm to others.
Any student who violates this policy will be referred to the criminal justice or juvenile delinquency system, as required by law.

If the student refuses to permit a search, the principal will immediately summon the
police and request police assistance. Parents will be notified as soon as possible.
The Superintendent will develop a public statement and will inform the Board Members.
The principal and Superintendent will coordinate the informal hearing procedure, (e.g.,
investigation, securing written statements, witness statements and anecdotal records
substantiating the charges of possessing, transmitting and/or transporting a weapon); as
well as the notification requirements for a formal hearing for expulsion proceedings, in
accordance with the Pennsylvania School Code.

5. SPECIAL RULE
The provisions of this policy shall be construed in a manner consistent with the
Individuals with Disabilities Education Act.

Children who are entering first grade, with no previous kindergarten experience,
should be six years of age on or before September 1.

Kindergarten Registration

All children are screened by a kindergarten teacher and a school nurse. A Kindergarten
Orientation Program is conducted in the weeks following registration.

1. Purpose
The Wilson Area School District expects all students to attend
school on a regular basis and all parents to abide by State and
local regulations regarding attendance. Absenteeism and
tardiness interrupt the student’s educational program and
interfere with academic success.

The School District encourages cooperation and
communication among parents, teachers, and administrators in
upholding the laws regarding attendance, enforcing District
policy, and providing the maximum benefits of education to
our students.
2. Definitions

**Excused Absences**

Excused absences are administrative authorized absence from schools and granted for the following reasons:

1. Personal illness
2. Death in the immediate family
3. Major religious holidays
4. Emergencies – parents should contact the school as soon as possible
5. Educational family trip – excused absences may be granted by the building principal, not to exceed five (5) days in the school year, for educational family trips. At the discretion of the Superintendent, up to ten (10) additional days in the school year may be granted by the Superintendent, with prior approval. Consecutive days beyond fifteen (15) total days will require that the student be withdrawn from the District.

Permission to be absent for an educational trip will be granted only under the following conditions:

1. The parent or guardian must complete a “Request for Excused Absence” form, available in each school office, prior to the trip.
2. Approval for excused absences, not to exceed a total of five (5) days for the school year, will be at the discretion of the building principal and granted to students who do not have attendance issues.
3. Consideration will be given to the student’s attendance record and academic progress.
4. Requests for additional excused days, not to exceed ten (10) days for the school year, must be submitted to the Superintendent in writing, prior to the trip.
5. Absences for educational family trips, which have not received prior approval, will be deemed unexcused.

**Truant**

Three (3) or more school days of unexcused absences during the current school year by a child subject to the compulsory school attendance law.
Habitually Truant
Six (6) or more school days of unexcused absences during the current school year by a child subject to the compulsory school attendance law.

Unexcused Absences
Absences other than for the reasons already explained will be considered to be unexcused. When a student is charged with an unexcused absence, parents are liable to legal action under the laws of the State of Pennsylvania. Examples of unlawful absences include: cutting classes, skipping school, missing a bus, illegal employment and any other excuse that is not acceptable according to the School Code. Failure to provide a doctor’s excuse, when required, will also be considered to be unexcused.

School time missed, due to chronic tardiness to school without a written legal excuse, may be accumulated and converted to an equivalent number of days of unexcused absence.

When an absence is determined as unexcused, the parents or guardian will be notified electronically, by phone or by letter after each of the first two offenses.

The District will notify parents or guardians in writing within ten (10) school days of the student’s third unexcused absence that the child has been truant.

When a student has reached six (6) days of unexcused absences the District will notify parents or guardians in writing within ten (10) school days of the student’s six (6) unexcused absences that the student is habitually truant. The student will also be required to participate in an attendance improvement conference. This conference is defined, under law, as a conference where the child’s absences and reason for absences are examined in an effort to improve attendance. The following individuals will also be invited to the conference:

- The student
- The person in parental relation to the student
- Other individuals identified by the person in parental relation who may be a resource
- Appropriate school personnel
- Recommended service provider
- Magisterial District Judge

The District is required to make meaningful attempts to encourage parent participation in attendance improvement conferences by advance
written notice and attempts to communicate via telephone. The District will hold the conference even if the parent and/or the student declines to participate or fails to attend. A written attendance improvement plan will be developed during the conference. Any further offenses after the attendance improvement conference could result in legal action against the parent or guardian.

When a student’s absence is unexcused, the student may not have the opportunity to make up missed schoolwork.

Returning to School Following an Absence
When a student is absent from school, the District requires that a written excuse accompany the student upon his/her return to school. The excuse must indicate the dates of absence, give the reason for the absence, and should bear the date on which it was written. Failure to produce a written excuse could result in an unexcused absence.

When a student is absent for three or more consecutive days, a doctor’s excuse may be required when the student returns to school. Doctors’ excuses may be required for all absences if a student is excessively absent from school. Excessive absenteeism shall constitute absences exceeding ten (10) days for the school year. Doctor’s excuses and request for excused absence shall not be counted toward the days specified above. Parents will be notified when doctor’s excuses are required.

Participation in School Related Activities
Students who are absent from school will not be permitted to attend or participate in school-sponsored activities held the day or evening of the absence. This would include field trips, dances, concerts, plays, sporting events, etc. The only exception is absence due to approved trip/activity involvement as a representative of the school (student field trips, conferences, etc.) or planned pre-approved college trips that cannot be otherwise scheduled. The District will approve up to three (3) days per year for college trips for Juniors and Seniors. Any additional college visits will be counted as unexcused absences. Attendance on Friday is required for school-related activities scheduled on Saturday or Sunday, unless otherwise pre-approved by the principal.
PUPILS UNLAWFUL HARASSMENT  Policy #5115

Purpose  The Board strives to provide a safe, positive learning climate for students in the schools. Therefore, it shall be the policy of the district to maintain an educational environment in which harassment in any form is not tolerated.

Authority  The Board prohibits all forms of unlawful harassment of employees and third parties by all district students and staff members, contracted individuals, vendors, volunteers, and third parties in the schools. The Board encourages employees and third parties who have been harassed to promptly report such incidents to the designated administrators.

The Board directs that complaints of harassment shall be investigated promptly, and corrective action be taken when allegations are substantiated. Confidentiality of all parties shall be maintained, consistent with the district’s legal and investigative obligations.

2. Has the purpose or effect of substantially or unreasonably interfering with an individual’s work performance.
3. Otherwise adversely affects an individual’s employment opportunities.

For the purposes of this policy, sexual harassment shall consist of unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal, written, graphic or physical conduct of a sexual nature when:

1. Acceptance of such conduct is made, explicitly or implicitly, a term or condition of an individual’s continued employment.
2. Submission to or rejection of such conduct is the basis for employment decisions affecting the individual.
3. Such conduct is sufficiently severe, persistent or pervasive that it has the purpose or effect of substantially interfering with the employee’s job performance or creating an intimidating, hostile or offensive working environment.
Examples of conduct that may constitute sexual harassment include but are not limited to sexual flirtations, advances, touching or propositions, verbal abuse of a sexual nature, graphic or suggestive comments about an individual’s dress or body, sexually degrading words to describe an individual, jokes, pin-ups, calendars, objects, graffiti, vulgar statements, abusive language, innuendoes, references to sexual activities, overt sexual conduct, or any conduct that has the effect of unreasonably interfering with an employee’s ability to work or create an intimidating, hostile or offensive working environment.

Delegation of Responsibility

In order to maintain a work environment that discourages and prohibits unlawful harassment, the Board designates the Superintendent and Business Manager as the district’s Compliance Officers.

The Compliance Officer shall publish and disseminate this policy and complaint procedure at least annually to students, parents, employees and the public. Nondiscrimination statements shall include the position, office address and telephone number of the Compliance Officer.

The administration shall be responsible to provide training for students and employees regarding all aspects of unlawful harassment.

Each student shall be responsible to respect the rights of their fellow students and district employees and to ensure an atmosphere free from all forms of unlawful harassment.

The investigation may consist of individual interviews with the complainant, the accused, and others with knowledge relative to the incident. The investigator may also evaluate any other information and materials relevant to the investigation.

The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation of the incident is pending or has been concluded.

SMOKING AND TOBACCO USE POLICY

Policy #4400

Effective September 1, 1990, all buildings and facilities operated by the Wilson Area School District shall be considered a smoke-free environment. This also includes School District vehicles and outside areas. Thus smoking or tobacco use in the aforementioned areas or at school sponsored events or activities is prohibited.

Research from many reliable sources has determined that smoking or tobacco use is hazardous to the health of the smoker as well as the non-smoker. This prohibition would further the goal of educational programs directed against smoking and the use of tobacco products, provide better role modeling for our students, emphasize the hazards of the use of such products, and provide for a healthier, safer, and cleaner school environment.

For the purpose of this policy, “smoking” is defined as the possession of a lighted cigarette, cigar, pipe, or other lighted smoking equipment.

STUDENT CONDUCT POLICY

Policy #5114

The Wilson Area School Board believes that in order for students to gain the maximum benefits from the educational program, high standards for student conduct must be established and maintained. The Board is pleased with the general deportment, good citizenship, cooperative attitude, and mutual respect displayed by most of the students. It is largely through their efforts and those of the school district personnel that a wholesome educational environment is present in all of the schools of the district.

On occasion, however, unacceptable conduct on the part of a student does take place, and fair and reasonable disciplinary measures become necessary. It is for that reason that this policy has been adopted and is being implemented throughout the Wilson Area School District.

Incorporated as a part of this policy are the Regulations of the State Board of Education of Pennsylvania entitled Student Rights and Responsibilities. The School District specifically endorses the due process requirements of these regulations while at the same time adopting the section listing student responsibilities as the code of conduct for all students.

Certain rules and regulations have been established within each school building regarding student conduct. It is the responsibility of school district personnel to make these available to the students so that they are aware of them. These rules and regulations along with the code included in this policy are applicable not only in school buildings and on school grounds but also
when students are going to and from school, are being transported by school vehicles, and are participating in or are attending school activities.

In cases where students do not exercise self-discipline and are in violation of rules, regulations, or the code of conduct, school district personnel must assume the responsibility for enforcement. In this process the following list includes some of the techniques which may be applied: reminding, counseling, conferring with a parent or guardian, assigning additional work, detaining after school, and making referrals to guidance and administrative personnel.

At times more stringent administrative action may be appropriate. Exclusion from school is specifically addressed by state regulations and is included in this policy in greater detail.

Corporal Punishment

No corporal punishment shall be administered to a student. However, reasonable force may be used by teachers and school authorities under any of the following circumstances: (1) to quell a disturbance, (2) to obtain possession of weapons or other dangerous objects, (3) for the purpose of self-defense, and (4) for the protection of persons or property.

Suspension or Expulsion

Certain offenses of a recurring or serious nature may lead to suspension or expulsion from school. The following list includes the reasons for which a student may be excluded from school:

1. The possession, use, distribution or involvement with drugs and/or alcohol pursuant to Policy #5131.
2. Conduct that constitutes a danger to the health or safety of others.
3. Physical assaults upon fellow students, teachers, or other school district employees.
4. Continued and willful disobedience.
5. Defiance of authority.
6. Taking or possessing property belonging to others.
7. Willfully causing or attempting to cause damage to school equipment or property.
8. Excessive truancy or tardiness.
9. Smoking or tobacco use.
10. Possessing, handling, or transmitting any object that can reasonably be considered a weapon.
11. The use of abusive, profane, or obscene language or the making of obscene gestures.
12. The violation of school or school bus rules or regulations.
13. The violation of local, state, or federal laws or regulations.
14. Communicating terroristic threats or committing terroristic acts, as defined below:

   • Terroristic Threat – Shall mean a threat to commit violence communicated with the intent to terrorize another, to cause evacuation of a building or to cause serious public inconvenience in reckless disregard of the risk of causing such terror or inconvenience.

   • Terroristic Act – Shall mean an offense against property or involving danger to another person.

STUDENT USE OF MEDICATION Policy #5146
Purpose and Authority

The Board of Directors prefers that prescription and non-prescription medicines needed by students be administered at home under the supervision of their parents/guardians and physician whenever possible. However, the School District recognizes that some students need medication during the school day. Therefore, the District will permit the administration of prescription and non-prescription medications during school when the procedures in this Policy are followed.

This Policy shall be interpreted consistent with 28 Pa. Code §§23.1, 23.51, 23.81, 24 P.S. §§ 1401, 1409, 1414.1 and all other applicable state and federal regulations.

Additional requirements for medications may be imposed by school nurses on a case-by-case basis. Whenever a student has a Section 504 plan or IEP, that plan supersedes this policy to the extent it contains different or more detailed provisions.

Definitions

“Responsible Personnel” shall mean a certified school nurse (“CSN”) or other licensed health personnel, such as a registered nurse (“RN”) or a licensed practical nurse (“LPN”). District personnel other than the school nurse may be designated by administration to administer medication in emergency situations.

Guidelines for All Medications

Except as provided in this policy regarding asthma inhalers and other self-administered medications, or in a Section 504 Plan or IEP, no student shall be allowed to keep medicine on their person and any medication, prescription or non-prescription must be brought to the nurse by the parent in a properly labeled container and must be kept in the health room. The school nurse will evaluate students on long term medication on an individual basis and appropriate adjustments will be made where determined necessary. Any unused medicine will be returned to the parent or guardian or will be destroyed by the school nurse. In appropriate and necessary situations, case-by-case arrangements for self-administration may be made contingent upon physician recommendation, parent/guardian approval and school nurse approval. Unless self-administering, students shall not bring medications to school. Doing so may result in discipline.

No medications, prescription or non-prescription, shall be administered to a student during the school day without the written and dated consent of the student’s parent/guardian and physician. Parent/guardian approval (consent) is not necessary for the administration of emergency medications during a life-threatening emergency. Parent/guardian and physician’s permission can be documented on the School District’s Medication Administration Request and Consent Form (Form WA-15) or a substitute. Substitute forms must contain all of the required information, and be on the physician’s letterhead or on their prescription pad. These written consents and specifications must be on file in the nurse’s office of the school building that the child attends. Copies of the Medication Administration Request and Consent Form
(Form WA-15) may be obtained from the health room or on the District’s Website link.

All permission forms must include written authorization from the parent/guardian and prescribing physicians as well as the following information:

a. Date;
b. Student’s name;
c. Name of medication;
d. Correct dosage of medication with instructions on administration;
e. Time schedule for administering the medication;
f. Dates the medication is to be taken including a termination date where appropriate;
g. Possible side effects of medication and procedures to be followed if a reaction occurs.
h. Other medications taken at home;
i. Allergies:
j. Diagnosis for which medication is prescribed

A school nurse is responsible for approving the administration of medication during the school day. If the nurse has questions about a request for medication, s/he should contact the child’s physician or the chief school physician to clarify these questions.

The consent of the parent/guardian and physician will be valid only for the period specified on the consent form and in no case longer than the current school year.

All medications will be administered in accordance with the physician’s order by a school nurse. When it is necessary for a nurse to involve non-nursing staff in assisting with the monitoring of medication administration, the designee shall be supervised and properly trained by the school nurse.

Parents/guardians are responsible for informing the school nurses’ office of any change in the medication needs of a student. When any change occurs, the parent/guardian must provide documentation from the prescribing physician to the nurse’s office.

By requiring written authorization and physician’s orders, the School District hereby asserts that it will incur no liability for the use of unauthorized drugs. Students in possession of prescription or non-prescription drugs that have not been registered with the school nurse will be considered to be in violation of the District’s drug and alcohol policy and will be subject to any disciplinary action appropriate under the District’s discipline code, which could include expulsion. Nurses will keep records of all medications administered. These records will include the student’s name, the name of the medication, the dosage, the date, and the time of the administration.
In emergency situations, non-prescription medications may be given following the standing orders for administration of non-prescription medications from the chief school physician. If yearly parent authorization is also provided, the nurse will administer first aid medications/treatments approved by the school physician, regular strength Tylenol, Midol and Tums as needed by the student in school.

A student may be permitted to possess and self-administer certain emergency medication if authorized by a treating physician.

“Emergency self-administration” means self administration of pre-approved medication to avoid immediate and substantial risk of health, including but not limited to, self-administration of an epinephrine auto injection (e.g., Epi-Pen, Epi-Pen Jr.), insulin, glucose tablets, glucagon, or a “rescue” asthma inhaler (e.g., Albuterol, Proventil, Ventolin.)

Prior to allowing a student to possess and/or self-administer emergency medication, the District shall require an order from the licensed prescriber for the medication, including a statement that it is necessary for the student to possess the medication, the recommended dosage of the medication, the time(s) at which the medication should be administered, and that the student is capable of self-administration.

The District shall also require that the student’s parent/guardian submit to the nurse’s office a completed Medication Administration Request and Consent Form (Form WA-15) and Consent to Carry and Self-Administer Medication Form (WA-16) signed by the student’s parent/guardian and physician, indicating his/her opinion that the student should be permitted to carry and/or self-administer the emergency medication on school grounds. The District shall also require that the student’s parent/guardian submit to the nurse’s office a completed Consent to Carry and Self-Administer Emergency Medication on Field Trip Form (Form WA-17) in order for the student to be permitted to carry and self-administer certain emergency medication while on a school sponsored field trip.

Upon receipt of the Permission to Self-Administer Medication form, the school nurse will assess the student’s capability of self-administration based on the student’s:

- Cognitive ability and understanding of his/her medication;
- Ability to measure and independently administer the medication;
- Demonstration of maturity and reliability in taking and safely carrying medication;
- Ability to document his/her medication, where necessary.

The student must notify the nurse immediately following the self-administration of any approved emergency medication. The student must provide assurance to the school nurse that she/he will not permit any peers to possess or use the emergency medication. The District retains the right
to restrict a student’s possession and/or self-administration of emergency medication, including through confiscation, if school policies or the licenses physician’s recommendations are abused or ignored.

When self-administration is authorized parents/guardians should know (and are hereby informed) that the School District bears no responsibility for ensuring that the medication is taken. By providing written authorization, a parent/guardian fully releases the School District from any and all liability arising out of a student’s use or non-use or self-administration, of emergency medication.

The School Board recognizes that the abuse of drugs, alcohol, and mood-altering substances, particularly among young people, is a major issue confronting our society. The Board further recognizes that the misuse of drugs and alcohol is a serious problem with legal, physical and social implications affecting the whole school community. As such, the Board believes a coordinated curriculum that provides a wealth of information at various grade levels is the most appropriate way to prevent student misuse of drugs, alcohol, or other mind-altering chemical substances.
