Shared Values
We believe today's students are tomorrow's leaders and citizens; our job is to help prepare them for that future.

We believe all students can be successful.
We believe high expectations create high achievers.
We believe education promotes and improves knowledge, creativity, curiosity, self-esteem, and social interaction.
We believe every student possesses talents and abilities that will be nurtured and inspired by our schools.
We believe an inspirational environment sets the foundation for lifelong learning.
We believe a mutual level of respect must exist between a teacher and a student for effective learning to occur.
We believe education is a shared responsibility of students, parents, faculty, community, and administration.
We believe quality education provides a holistic foundation for youth to build their morals, ethics, discipline, character, and overall health and well-being.
We believe education must be supported by continuous evaluation of effective
instructional practices, proficient use of technology, and the instructional environment.

We believe people, not programs, determine the quality of a school.

We believe a safe, secure, and healthy environment is essential for students to learn.

We believe the school community values and respects diversity.

We believe the school community must become responsible stewards of the global environment.
