

## **Wilson Area School District**

### **School Colors, Symbols, and Uniforms**

The Board of School Directors recognizes that the official school colors are blue and gold, and directs that these will be the primary colors in all school uniforms and insignia.

The Board further recognizes the Native American warrior insignia as the official school insignia, and directs that it will be prominently and appropriately displayed on uniforms, within buildings, and at athletic events.

All uniforms purchased for public appearances shall reflect the official school colors and appropriate approved symbols. Uniforms proposed for purchase for subsequent athletic seasons shall be presented at the season-end Athletic Committee meeting. Proposals shall be accompanied by a color facsimile drawing or picture, or sample of the uniform if available. Proposals shall adhere to routine replacement schedule or specific reasons for purchase if off schedule. Note that all uniforms have not traditionally included the mascot symbol on the uniforms. Permission is needed, however, to remove the symbol if it has traditionally been included. Uniforms must conform to this policy and to all league, PIAA and National Federation Rules.

All approved attire representative of Wilson tradition will be worn and displayed with exceptions made only for climatic conditions.
